

Press Release

W3 Wealth Management, LLC Selected as One of The Leading Providers of Wealth Management Services of the Central United States

Akron and Warren, OH, March 2010: W3 Wealth Management, LLC, a leading provider of Wealth Management services, today announced that it has been selected by Goldline Research as one of leading providers of Wealth Management Services of the Central United States. The list was published in the May 10th issue of Forbes Magazine titled "*The World's Leading Companies*".

"We are honored to be recognized in this way. It is especially rewarding to have been selected in light of the degree of scrutiny Goldline uses in their evaluation process," commented Andrew M. Moyer, CFP®, Principal of W3 Wealth Management.

Goldline Research conducted its annual evaluation of wealth managers of the Central United States in February 2010. During the research process, more than 3,000 SEC registered investment advisors and 10,000 Certified Financial Planners were identified.

About W3 Wealth Management, LLC

W3 Wealth Management's (www.W3Wealth.com) unique "multi-advisor approach" capitalizes on the theory of two heads are better than one. Clients receive advice from advisors with expertise in various financial, tax, and estate disciplines. Their "high touch" service model affords clients a greater degree of understanding of their investment holdings and comfort level. W3 services include: financial, retirement and estate planning, investment management services and business retirement plans. Their clients receive quarterly investment reviews and a continuous array of market and current events commentary. Their highly specialized "transition team" helps provide a smooth transition for new W3 clients.

About Goldline Research

Goldline Research (www.goldlineresearch.com) is an independent market research firm that specializes in evaluating professional services providers to help consumers identify and select leading services firms. Goldline Research's proprietary research process includes market analysis, individual company interviews and, in many industries, interviews with consumers of those services to gain feedback on market conditions and provider service levels. Goldline Research's lists have been published in leading publications including local, regional and national magazines.
